User group meeting 2007/2008

The next eccos pro user group meeting takes place on 17-18 April 2008 at the DOMINA Park Hotel in Bad Kreuznach, Germany. The four star hotel is adjacent to the *Bad Kreuznach Pools*, users of the mafis® guest management system, as well as the *crucenia thermen*, where again an eccos pro system is in use.

The user group meeting, recognized throughout the industry, is a platform for communication that is valued by swimming pool operators across Germany and in neighbouring countries. This time participants will again be expecting numerous workshops and presentations on a wide range of subjects to do with the successful management of leisure and fitness centres. In the accompanying trade exhibition, noted businesses in the supplier industry will offer insights into their latest products and services.

PS:

The DOMINA hotel group is owned by the Italian holiday group DOMINA Vacanze, who currently operate a total of 26 hotels and holiday resorts across Europe and Africa.
